CES never fails to surprise us. From a [roll-up television](#) to [sleep robots](#), CES 2018 was no exception. But while CES is best-known for big product launches, there are also tons of accessory manufacturers showing off their newest products. We roamed the halls at CES 2018, looking for the best mobile accessories. Here's a few of our favorites.

## Neutrogena Skin360

From L'Oréal's wearable that can [track UV exposure](#) to [Foreo's](#) high-tech facial masks, beauty tech was a huge trend as CES 2018. However, the [Neutrogena Skin360](#) was the most exciting beauty accessory we saw this year. The Neutrogena Skin360 attaches to your phone to analyze your skin. The Skin360 can keep track of pore size, skin moisture, and skin quality. With the Skin360, you can easily track how small changes, such as drinking more water, have an effect on your skin. The Neutrogena Skin360 should be available in stores this summer and will be priced at \$50.

Sometimes it's the most simplistic mobile accessories that catch our eyes, and the Catalyst Case for Apple AirPods is the perfect example. The Catalyst Case is a drop-proof and waterproof case for your AirPods. The case is made out of a high-grade silicone and features a removable carabiner so you can easily attach it to your backpack. You can even connect your Lightning connector to the AirPods case through the removable plug in the bottom of the case. The case is only \$25, which is much less expensive than replacing a lost or damaged AirPods.

[PopSockets Car Vent Mount](#)

PopSocket Car Air Vent

Speaking of simple, it doesn't get much more easy than the PopSockets Car Vent Mount. This plastic mount connects easily to your car vent, allowing you to use your existing PopSockets phone grip to hang your phone. While there are plenty of car mounts available for your smartphone, they usually don't work with phone grips like the PopSockets. The PopSockets Car Vent Mount will be available in the coming weeks for \$10.

[iMate](#)

imate

Don't let the generic name fool you, the iMate is one of our favorite accessories from CES 2018 because of its versatility. It's a charger, battery backup, and portable docking system. Since the iMate uses Type-C power delivery, the it can quickly charge your phone, iPad, or MacBook. The iMate even features a mobile charging base for the Apple Watch, so you'll never have to worry about running out of juice on any of your devices. Pricing and availability for the iMate will be announced in the future.
